

Miscellaneous

The major in Moving-Image Production (MIP) emphasizes studio practice, development of critical storytelling skills, and proficiency in visual literacy. This program encourages development of a deep understanding of film production in the areas of animation, documentary, experimental and narrative cinema. Integrating theory and practice, the Moving-Image Production major is designed to produce filmmakers with critical-thinking skills and independent voices, who will bring new vision to the film industry, independent cinema, and visual cultures.

Category

Major Credit Hours

I. Pre-Major Coursework

9 Credit Hours

The pre-major is designed to provide students with a chance to start creating work during first term.

Required Courses

MVNGIMG 2201 – Filmmaking Foundations 1 (AU Term, 3 CH)

MVNGIMG 2202 – Filmmaking Foundations 2 (SP Term, 3 CH)

Additional Course: Choose one of the following, preferably AU term:
